

LeisureCat 9000 Kingfisher Express

Has a fully enclosed cab with luxury fitout for those extended week-ends away

It has a single-piece windscreen giving exceptional vision forward; the wide hulls give tremendous bouyancy and room that easily caters for inboard diesels with stern drives or twin outboards (as seen here) and a raised cockpit coaming for added fishing comfort. The family is well catered for with a huge double berth cabin including electric toilet (a separate step-down en-suite with shower and electric toilet is optional). Lined interiors, sliding side windows, deck wash, transom shower and electric anchor winch. Extendable to 10m.
